

▶ 2 Hello. My name's Nyangoma. I'm twelve years old. This is me and a friend. I'm the one wearing the orange dress. I'm from Uganda in East Africa. Can you find Uganda on the map of Africa? Here are some interesting places you can visit.

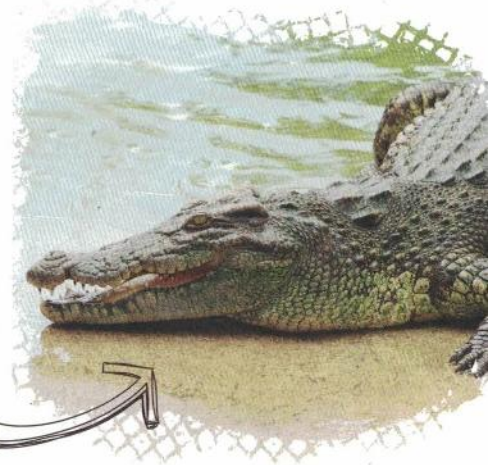

Kampala

Kampala's a big city with many small shops. Some people have cars but most people move around on motorbike taxis or in small buses.

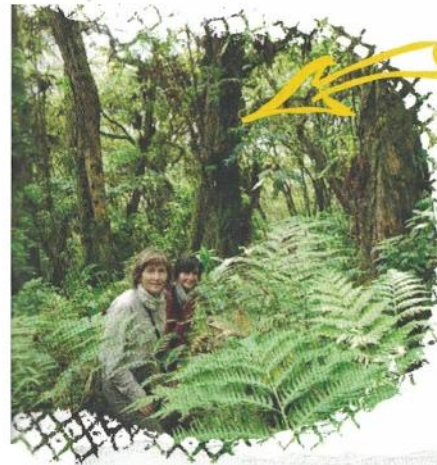

Murchinson Falls

Tourists come here to see the animals. You can go on a boat along the River Nile and watch the hippos, elephants, giraffes and especially the crocodiles!

The Impenetrable Forest

Here there are high mountains and jungle. It's called The Impenetrable Forest because it's very difficult to go through it! Here you can see the rare mountain gorillas.

The Rwenzori Mountains

Here there is the highest mountain in Uganda and one of the highest in Africa. These mountains are also called The Mountains of the Moon because they are often covered with snow. It rains a lot here but it is very beautiful. ◼
